

NTOKOZO NGCOBO

Full-Stack Software Developer

Node.js · React · Flutter · C# / .NET · PostgreSQL · Firebase · AWS

📍 Durban, South Africa · 📞 +27 73 105 4539 · ✉️ ntokozongcobo010@gmail.com · 🐙 github.com/NTOKOZOTK · 💼 linkedin.com/in/ntokozongcobo

PROFESSIONAL SUMMARY

Versatile Full-Stack Software Developer with 3+ years of hands-on experience delivering production-ready web and mobile applications across fintech, healthcare, logistics, and government sectors. Holds a Bachelor of ICT Honours from Durban University of Technology. Proven ability to work independently and within cross-functional teams on contract and project-based engagements — from requirements gathering through to deployment and stakeholder handover. Strong command of modern JavaScript frameworks (React, Node.js), mobile development (Flutter), relational and NoSQL databases, and cloud platforms (AWS, Firebase, Azure). Based in Durban and fully available for contract and remote engagements.

TECHNICAL SKILLS

Languages	JavaScript, TypeScript, C#, Python, Dart, HTML & CSS
Frontend	React.js, Flutter, EJS, Bootstrap, HTML5 & CSS3
Backend	Node.js, Express.js, ASP.NET MVC, RESTful APIs, OAuth 2.0
Databases	PostgreSQL, Firebase Firestore, MSSQL, Microsoft Azure Blob Storage
Cloud & Tools	AWS (SES, S3, ML), Firebase, Microsoft Azure, Git / GitHub, Render
Practices	Agile / SDLC, OOP, Design Patterns, RBAC, CI/CD basics

WORK EXPERIENCE

Software Developer & Lab Technician

Feb 2024 – Present

Durban University of Technology

- ▶ Design and maintain internal software solutions supporting academic and research operations across DUT departments.
- ▶ Managed ICT lab environments for 100+ students, providing technical support and mentoring on full-stack development best practices.
- ▶ Collaborated with faculty to implement technology solutions streamlining administrative and academic workflows.
- ▶ Currently leading full-stack development of a Flutter/Firebase QR-based payment platform targeting South African micro-enterprises.

Applied Researcher / Software Developer

Apr 2023 – Dec 2023

Durban University of Technology (Honours Research)

- ▶ Contracted by a Government Sector Training Authority (SETA) to research and resolve document management inefficiencies.
- ▶ Designed and independently delivered a full-stack web portal integrated with a Microsoft Azure Data Lakehouse, significantly reducing document processing turnaround time.
- ▶ Managed the full project lifecycle: requirements gathering, system design, development, testing, deployment, and stakeholder handover.
- ▶ Stack: C#, HTML, CSS, JavaScript, Microsoft Azure Blob Storage.

KEY PROJECTS

Project	What I Delivered	Tech Stack
Business Management App	QR-based digital payment & business management platform for micro-enterprises. Leading full frontend, backend and cloud database architecture.	<i>Flutter, Firebase, Node.js, Firestore</i>
Pharmacy Mgmt System	Full-stack pharmacy operations system covering inventory, dispensing, and reporting modules for clinical workflows.	<i>React, Node.js, PostgreSQL, AWS</i>
Payroll Mgmt System	Automated payroll processing system with role-based access, calculation engine, and audit logging for compliance.	<i>React, Node.js, PostgreSQL, AWS</i>
Logistics Application	End-to-end React frontend with authentication/authorisation flows and complete data management across all system processes.	<i>Node.js, Express, PostgreSQL, React</i>
Event Management	Automated email ticket notifications on booking confirmation via AWS SES. Implemented OAuth 2.0 for secure user auth.	<i>Node.js, Express, PostgreSQL, AWS SES</i>
Research Mgmt Platform	Role-based auth system with approval workflows and reporting modules for academic research administration.	<i>Node.js, Express, PostgreSQL</i>
Sports Mgmt System	Digitised a paper-based sports admin system into a full web app, eliminating manual tracking and improving reporting accuracy.	<i>C# ASP.NET MVC, MSSQL, Bootstrap</i>
Gov SETA Web Portal	Document management portal integrated with Azure Data Lakehouse, reducing processing bottlenecks for a government training authority.	<i>C#, JavaScript, Azure Blob Storage</i>

EDUCATION

Bachelor of ICT Honours
Durban University of Technology

Jan 2023 – Dec 2023

Advanced Diploma in ICT
Durban University of Technology

Jan 2022 – Dec 2022

Diploma in ICT – Applications Development
Durban University of Technology

Jan 2019 – Dec 2021

CERTIFICATIONS

- ▶ KOENIG Solutions: DP-200 Azure Data Solution
- ▶ Udacity: AWS Machine Learning Foundations
- ▶ 365 Data Science: Python Programmer Bootcamp
- ▶ DataCamp: Introduction to Data Science in Python
- ▶ Cisco: Introduction to Cybersecurity
- ▶ Cisco: Cybersecurity Essentials
- ▶ Cisco: Introduction to IoT
- ▶ Cisco: NDG Linux Unhatched
- ▶ DUT Young Leaders Academy: Leadership & Workplace Readiness

- Huawei: HCIA-AI V3.0
